

Name:

Minidebate: Open borders?

Hot Topics: Immigration (p. 43)

Some countries have open borders for people from nearby or not so nearby countries. For example, most people in Europe can move to other countries in Europe without papers.

Should the U.S. have open borders for our neighbors, too? Or for everyone in the world? Do we really need visas and immigration rules?

 Read the arguments **in favor** of open borders on *Hot Topics* page 43.

 With your partner, choose one argument for open borders. Write that argument here:

What do you think about this argument?

I agree/disagree because:

 Read the arguments **against** open borders on *Hot Topics* page 43.
