Getting clear about time order

Lonnie's poems tell us the story of his life. He writes the poems in his English class at school. He doesn't start at the beginning, however. The poems jump around in time order.

Read the events from Lonnie's life. Put a 1 next to the event that came first in Lonnie's life. Then put a 2 next to the event that came next. Number the events up to 4.

- _____ Lonnie lives in a group home with other boys.
- _____ Lonnie moves into Miss Edna's apartment.
- _____ Lonnie almost drops his baby sister, Lili.
- _____ Lonnie loses his parents.

Now think about the places that Lonnie has lived in his life. Do these places feel like home to Lonnie?

- feels like home
- does not feel like home
