Printers on a dozen college campuses all printed the same flyer. The flyer was addressed to “White Man.” It included hate messages against Jewish people. But this flyer was not printed by a college student. A computer hacker called “Weev” took credit for the flyer. He says he sent it to all the printers he could get to. 48 58

Weev’s real name is Andrew Auernheimer. He has been convicted of hacking before. 71  
 Aurenheimer is a White supremacist. He believes that White people are better than other people. Like many white supremacists, he also hates Jewish people. 85 95

To be Jewish means two different things. It means to be of Jewish ethnicity. Important traditions and culture are passed down through Jewish families. It also means to be part of the Jewish religion. Jewish people believe in one god and follow the Hebrew Bible, which Christians call the Old Testament. 110 126 141 146

Jewish people lived in the Middle East thousands of years ago. Then, Jewish people mostly lived in Europe for hundreds of years. They were a minority in countries where Christianity was the main religion. Jewish people faced prejudice and violence for hundreds of years. 161 176 190

Now, Jewish people live all over the world. Jewish Americans make up about 2 percent of the U.S. population. And prejudice against Jewish people is still a problem. Nearly 2,000 anti-Jewish acts are reported each year in the U.S. These include physical attacks, graffiti, hate-filled flyers, bomb threats, and shootings. 207 221 236 242

## Part 3: Comprehension and discussion

This passage does not tell readers exactly what Auernheimer’s hate flyer said. Do you think it would be helpful to know exactly what was on Auernheimer’s flyer? Or is it better not to repeat hateful messages?

- I think it would be helpful to know.
- I think it’s better not to repeat hateful messages.
