## Syllable review

Use the two middle consonants rule to break these words into syllables.

- Underline the middle consonants in the middle of each word.
- Draw a line between the middle two consonants to chunk the word.
- Mark the vowel in the first syllable with a short vowel symbol ˇ.
- Do you see another syllable? Draw a line if you see a third chunk, too.

grinning

Pablo

supposed

popsicle

common

elbow

volcano

nodding

Build words by putting together the syllable chunks below. Write your words on the lines below. Be sure to label the vowel in the first syllable with a short vowel symbol ˇ.
