Nadira's diary

In Chapter 2, Nadira and her family reach the Canadian border and learn that they will not be able to apply for asylum. When they return to the United States, Abba will be put into a detention center. Ma will stay at the shelter. Nadira and Aisha will drive home.

Imagine that Nadira is writing an entry in her diary about what happened. Think about what Nadira might be thinking and feeling when she realizes her family will be separated. Use "I" statements. Try to include descriptive adjectives and emotion words.
