Read the excerpt from page 27 of *War in Afghanistan and Iraq*, then summarize using 5 W's.

Why did coalition forces attack Iraq again?

On September 11, 2001, the New York World Trade Center Towers were destroyed by terrorists. President Bush decided Saddam Hussein was supporting the forces that planned the attack. He also became convinced that Iraq was developing weapons of mass destruction (WMDs), so the United States declared war on Iraq in 2003.
